One-time payment third relief package

Vallendar, 14.03.2023

Dear Sven Stadhouders,

The federal government, together with all federal state governments, have determined that, with the third relief package ("Entlastungspaket"), all students (including vocational students or "Fachschüler:innen") in Germany should receive a one-time payment of 200€ to help counteract the increasing energy prices caused by Russia's attack on Ukraine. All students who were enrolled at a German institution of higher education ("Hochschule") or in a vocational training program ("Fachausbildung") as of December 1, 2022, are eligible for these funds. Eligibility is contingent on having had residence or "habitual" residence in Germany as of said date.

You should have received an access code to submit your request for this one-time payment in a separate communication.

Use of the PIN contained in this letter is only necessary in the event you have opted to sign up for your BundID account using a standard username and password. If, on the contrary, you have created this account using an electronic ID (e.g., the German National Identity Card's eID functionality, a European eID, or a personal ELSTER certificate), it is not necessary to use the PIN.

Your PIN is as follows: **ae66cb**

Using your Federal User Account (BundID), your access code, and your PIN, you are able to submit your request for the one-time payment at <https://antrag.einmalzahlung200.de> from March 15, 2023.

For comprehensive information on the process, activating a German National Identity Card's eID functionality, setting up a BundID account, and making a request please visit <https://www.einmalzahlung200.de/eppsg-en>.

Should you encounter any problems during the request process, please refer to the FAQ available at www.einmalzahlung200.de/eppsg-en/frequently-asked-questions. Should you have any additional questions, please contact the support team at www.einmalzahlung200.de/eppsg-en/contact-us. In the event of a technical issue, it may be helpful to have screenshots on hand.

Yours sincerely,
WHU - Otto Beisheim School of Management
